

ITMA ASIA + CITME 2008:

GTP & customers celebrate 110th anniversary!

Winner of the 110 000 heddles is a true GTP partner: HuaMao (Xiamen) Weaving, Dyeing & Finishing Co., Ltd

ITMA Asia – CITME 2008 could benefit from its international appearance and hosted more than 80,000 visitors. Compared with ITMA Asia 2005, the show registered a 150% increase in visitors from over 96 countries.

For better weaving ...

With several unique & patented product innovations for improved weaving performance, GTP Global Textile Partner registered a high level of customer interest, demonstrating their leading role in innovating & producing reliable high-quality weaving accessories.

Your keys to success

On display were specialty heddles like interlaced leno heddles made from tempered steel and the patented Jet Eye® heddles that allow the best yarn passage with lowest warp yarn friction.

Also displayed were the high-speed & reliable harness frames for all available loom types, featuring exclusive characteristics such as flexible corner connection, glued heddle rod (patent pending) and integrated heddle damping system (patented) for outstanding weaving performance.

110 years ... your profit

Steel Heddle® and GTP Global Textile Partner are proud of its 110 years of experience and vast leadership in producing quality heddles, as well as other reliable weaving accessories.

While visitors showed great interest in these leading weaving accessories, they also celebrated with GTP the 110th anniversary of GTP-Steel Heddle. Visitors were invited to participate in a unique contest to win 110,000 Steel Heddle® heddles.

... and the winner is ...

The Chinese company HuaMao (Xiamen) Weaving, Dyeing & Finishing Co., Ltd., member of the HuaMao Group, was drawn as lucky winner. This company is one of the largest weaving mills in China, mainly weaving Cordura and occupying an area of 95,000 m². As for the delivery of their 110,000 heddles they opted for the Jet Eye® heddle. A wise choice that guarantees best weaving performance for their fabrics.

GTP ... the true textile partner

GTP is leader in high-class weaving accessories. With strong development capabilities, we offer real weaving solutions for achieving the best weaving performance possible on your loom.
